Research Experience

	<u>University of Edinburgh</u>
Sep 2022 -	<b>Doctoral Researcher</b> , Sustainable Food Systems Mentors: Dr Peter Alexander; Prof Lindsay Jaacks; Prof Geraldine McNeill; Dr Alexandra Bellows; and Dr Joe Kennedy <ul style="list-style-type: none"><li>- Simulation modelling to predict health and environmental impacts of diet transitions</li><li>- Integrated machine learning techniques for increased accuracy of diet—disease risk prediction</li><li>- Quantitative analysis; dietary patterns and substitution trends</li></ul>
Sep 2023 -	<b>Research Consultant</b> , ClimateXChange <ul style="list-style-type: none"><li>- Lead systematic review on trends in Scottish consumption patterns</li><li>- Assist with evaluation of direct and indirect environmental impacts from consumption</li></ul>
	<u>European Centre for Advanced Studies</u>
May 2023 -	<b>Doctoral Fellow</b> , Sustainable Food Systems Mentors: Prof Lindsay Jaacks (University of Edinburgh); Prof Sebastian Vollmer (University of Göttingen) <ul style="list-style-type: none"><li>- Policy development and analysis aligning with government strategies</li></ul>
	<u>Cornell University</u>
Jun 2020 - Aug 2022	<b>Graduate Research Assistant → Research Assistant</b> , Nutritional Epidemiology Mentors: Prof Patricia Cassano and Dr Bonnie Patchen

- Coordinated development of method pipeline for R01-level nutrigenomics assay
- Quantitative analysis (diet—lung function associations) and dietary pattern score coding

Apr 2021 - Dec 2023	<b>Cochrane Systematic Reviewer</b> , Vitamin D Supplementation and Asthma <ul style="list-style-type: none"> <li>- Screened 10,169 publications, extracted data from 40 publications, meta-analysis, interpretation of results, report writing, GRADE risk of bias assessment, and summary of findings</li> </ul>
Aug 2019 - Jun 2020	<b>Research Dietetic Intern</b> , Community Nutrition and Public Health Mentor: Dr Corinna Noel

## Honors, Awards, and Grants

### University of Edinburgh

Oct 2023 - Feb 2024	<b>Understanding the climate impact of food consumed in Scotland</b> , ClimateXChange Co-investigator	£50,000
